## HELLO // I'M TIM

I was returning from a camping trip with my family when a driver, asleep at the wheel, crashed into my mom and dad's vehicle. Luckily, I was traveling with a friend less than a mile behind them. The car impacted directly on the passenger door. My mother died a few hours later, just a few weeks after my 4th birthday. She had made me a Daniel the Tiger cake.

I have two images with my mother. I wish there were more.

Now I'm a photographer. I love being a photographer.

On your wedding day you will be surrounded by your most important relationships: your husband or wife, your family, your friends. You're inviting those who are dearest to you. All the planning and all the details are your expression of appreciation and love. You're planning a beautiful event to share your joy of marriage with all those that you love the most.

For you, I would love to capture artful, refined, heartfelt images that capture the beauty, joy and love of this special day.

# COMPLIMENTS // I'M BLUSHING

## Laura & Eric

Amazing, simply stunning photographs. Tim shot both our engagement and wedding and I can not say enough good things about him or his talent. I had requested more candid than the traditional posed pictures you usually see and I could not have been more pleased or impressed. The shots perfectly capture our emotions- a glowing smile on my groom while twirling me on the dance floor, tears in my fathers eyes, my grandmother pinning my earrings, my groom helping me into my shoes and stolen kisses throughout the night. Each picture brings me back into that moment on our wedding day- he caught things that I didn't remember until seeing it on film. I am so grateful for the referral from two of my girlfriends who have worked with Tim before. I would pass his name to anyone I know getting married as I am confident he will deliver the most amazing photographs of your big day!

## Kirsten & Nick

Tim was excellent to work with! We did our wedding photos as well as our engagement photos with him. He has great techniques that he uses to get relaxed and natural shots. The wedding day went super smooth as Tim was very attentive and got everyone where they needed to be in a timely manner. The photos turned out great and we couldn't be happier! Definitely recommend his services - great guy, great photographer!

## Jade & Derek

Tim Larsen Photography was the best wedding investment we made. Every photograph was a separate vignette of the wedding day. Tim has a way of capturing the character of a wedding, from the venue shot, to the outdoor couple session, to the indoor ceremony. Our beautiful wedding book puts any other coffee table book to shame, and the compliments from family and friends have been pouring in. Thank you, Tim, for your beautiful work. We have no regrets - only gratitude.

## Jessica & Eric

We got Tim's name from my husband's cousin (he also did their wedding). From the moment we looked at their pictures, I knew our photographer had to be Tim. We did our due diligence and checked out other photographers but no one else's work compared to Tim's. We know looking back on our wedding, the only thing we have to take away are the pictures. With Tim, you get what you pay for. We were so impressed with Tim from the get-go. Every other photographer took DAYS (and some weeks) to get back to us regarding availability, pricing, etc. With Tim, it took hours or even minutes. He makes every client feel like his priority. And his work... well it speaks for itself. His images are breathtaking and even looking back at our photos today, 5 months after our wedding, I still shake my head and wonder how he got certain shots that he did-they're amazing. We love you Tim!
